

SNEHAN MUKHERJEE

mukherjee.268@osu.edu | (440) 656-9459 | Strongsville, OH | www.linkedin.com/in/snehan-mukherjee

EDUCATION

The Ohio State University College of Engineering

Bachelor of Science in Computer Science & Engineering; Minor in Business

Columbus, OH

Expected May 2030

Strongsville High School

GPA: 4.7 | SAT: 1500 (Math 780, Reading 720) | AP Computer Science A, Calculus BC, Statistics, Physics C

Strongsville, OH

May 2026

EXPERIENCE

Cleveland Clinic — Epilepsy Department (SPIKE Lab)

Cleveland, OH

Data Science Intern & Software Developer, Advanced Technology Track |

June 2026 – August 2026

- Designed and built an interactive 3D visualization application in Python to map stereo-EEG electrode placements onto a standardized brain model, giving over 300 clinical researchers a searchable tool for surgical planning.
- Built a data pipeline that maps sEEG channels to Desikan–Killiany anatomical brain regions and extracts high-dimensional MNI coordinates, enabling dynamic analytics across patient datasets with over 1000 subjects.

Case Western Reserve University Comprehensive Cancer Center

Cleveland, OH

Research Scholar & Data Analyst, YES & Community Research Programs |

June 2025 – March 2026

- Health Equity Researcher (Aug 2025 – Mar 2026): Analyzed 2024 national HINTS survey data and 600+ qualitative patient records in Excel; built interactive Tableau dashboards to surface demographic drivers of mastectomy treatment decisions, presented at the Case Cancer Disparities Symposium to an audience of 400.
- Student Wet Lab Researcher (Jun 2025 – Aug 2025): Selected for a research program with under 10% acceptance; investigated FADS2 fatty-acid desaturase mechanisms in Ewing Sarcoma via ATP luminescence viability assays, modeling dose-response curves, and deriving EC50 cytotoxicity values in Excel. Recorded findings for a \$300,000 grant proposal.

Cleveland Clinic — Center for Youth and College Education

Cleveland, OH

Data Science Intern |

June 2024 – August 2025

- Selected as 1 of 90 participants from a competitive pool of 900+ to audit, standardize, and reconcile 500+ departmental operational records using Ungerboeck software and Excel to eliminate administrative discrepancies around employees.
- Shadowed artificial intelligence workflows alongside researchers in Dr. Christopher Nguyen's Cardiac MRI Lab, gaining direct exposure to computational preprocessing and training pipelines across data exceeding 12,000 patient records.

Metropolitan Pools

Cleveland, OH

Seasonal Lifeguard |

May 2024 – May 2026

- Maintained active surveillance of aquatic facilities and managed emergency response using Red Cross CPR, AED, and first-aid certifications.

PROJECTS & LEADERSHIP

The Cleveland Chess School — Founder & Director

May 2023 – August 2026

- Engineered and deployed a Python platform providing automated tactical drills and comprehensive student performance tracking modules, scaling instructional programming to serve over 30 youth learners statewide.
- Recruited and directed three USCF National Masters to deliver specialized curriculum; officiated competitive regional events as a certified USCF Tournament Director while maintaining a top 150 statewide U18 competitive ranking.

Ekal Vidyalaya Cleveland Foundation — Executive Youth Board Member

August 2022 – Present

- Co-organized annual fundraising galas that helped secure over \$255,000 in donations supporting digital literacy programs in rural India. Presented to an audience of over 400 people with a team of 12.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, SQL

Tools & Libraries: NumPy, Pandas, SciPy, Matplotlib, Git, Qiskit, Tableau, Excel

Certifications: Harvard CS50x, Harvard CS50P (Python), IBM Quantum Computing (Qiskit), USCF Tournament Director, Red Cross Certified Lifeguard

Interests: chess, tennis, swimming, reading biographies especially about founders
